STUDENTS FELICITATION CEREMONY

By Education Committee

The Student's Felicitation Ceremony is a prestigious event dedicated to honoring the hard work and accomplishments of students who have excelled in academics, sports, and extracurricular activities. This special occasion celebrates their dedication, resilience, and perseverance throughout the year.

Finally, we were able to complete the most awaited program of the year on August 25. The program saw a huge audience in terms of students and their parents which gave us, the committee members, a great boost of confidence and satisfaction. All the committee members, under the leadership of Sharif Bhai & Sohil Bhai worked hard to achieve the goal of making this event a successful one. All the team members including education committee, other committees and the office staff gave more than their 100% of their efforts to make sure that every one who is going to be a part of this program, is happy.

We are thankful to all the students and their family members who took time out of their busy schedules and attended this prestigious event and made it successful. We are also very happy to see that a lot of students have come up with such great results in terms of their academics. We wish all the students a very successful and prosperous future ahead.

»»» WHAT & WHY?

The last time we had updated the information of all members in the jamaat's software was more than 10 years ago and looking at the available data, we have understood that it is a time that we update the available info. There have been many members, who have been unable to share the updates about correction in their records. Hence, we have started this drive.

Updated information will help us take informed decisions about focusing our efforts on specific aspect of society whether it is social, educational or financial.
